Specification Summary

Brand	Alpro
Product type	Cylinder - Screw In

Product Description

The Alpro 5218 Screw-In Mortice Deadlock Barbolt Case is a high-security locking solution specifically designed for commercial aluminium doors, including both swinging and sliding applications. This robust deadlock case provides reliable physical security, making it an ideal choice for retail, office, and commercial premises.

Engineered for durability and resistance to forced entry, the lock features a stainless steel bolt with a 5-ply laminated construction, a hardened steel case, and a hardened roll pin designed to resist hacksaw attacks. It is designed to accept standard 1 5/32" screw-in key or thumbturn cylinders, allowing for flexible access control configurations.

This product is available in multiple backset options (22mm, 25mm, and 28mm) with corresponding case depths (40mm, 41mm, and 46mm) to suit different door profiles. Please select your required backset and specifications from the options below.

Technical Specifications

- **Brand:** Alpro
- **Mechanism:** Screw-In Cylinder (accepts standard 1 5/32" screw-in key or thumbturn cylinders)
- **Backset:** 22mm, 25mm, or 28mm (please choose from the options below)
- **Case Depth:** 40mm, 41mm, or 46mm (please choose from the options below)
- **Case Height:** 159.5mm
- **Forend Length:** 196.9mm
- **Forend Finish:** Satin Anodised Aluminium
- **Case Finish:** Plated Steel
- **Pack Quantity:** 1
- **Weight:** 525g, 550g, or 580g (please choose from the options below)
- **Manufacturer Reference:** 465218501 or 5218502 (please choose from the options below)

Key Features

- **High-Security Deadlocking:** Ideal for securing a variety of aluminium doors, including swinging and sliding applications.
- **Hacksaw Resistant:** Features a 5-ply laminated stainless steel bolt with a hardened roll pin to resist cutting attempts.
- **Robust Construction:** Built with a hardened steel case and plated steel finish for long-lasting durability.
- **Cylinder Compatibility:** Designed to accept standard 1 5/32" screw-in key or thumbturn cylinders.
- **Multiple Sizes Available:** Offered in a range of backsets and case depths to suit your door profile - please select your required option below.

Brand Profile

Alpro

Alpro (Alpro Architectural Hardware) is a UK supplier of **architectural door hardware and access-control components**, focused heavily on the **commercial aluminium door (OEM) market** and the wider **access control** environment. It operates as a **division of IEC Limited**, an **independent, family-owned** company founded in **1938** to supply quality mechanical components.

Alpro's catalogue spans both **mechanical** and **electro-mechanical** products: contemporary **pull handles**, **lever/paddle handles**, **deadlocks/deadlatches**, **cylinders**, **transom door closers**, and hardware like **flushbolts** and **armoured strikes**, alongside access-control staples such as **electric strikes**, **deadlocking/solenoid bolts**, **shearlocks**, **cabinet locks**, and **IP-rated keypads and exit switches**.

The company also highlights **BS EN ISO 9001:2015 approval**, technical support, CAD/design capability, and a stock-led operation aimed at quick dispatch - positioning Alpro as a practical "solve the door problem" brand for installers and fabricators rather than a consumer retail name.
