Product Description

The Alpro 5245 Deadlatch Fixing Kit (Manufacturer Reference: 5245-FIX-KIT) is a dedicated accessory designed to facilitate the secure installation of Alpro 5245 series deadlatches. This high-quality fixing kit is specifically engineered for use with the Alpro 524570 Europrofile and 524510 round mortice cylinder deadlatch ranges (commonly referred to as the 4570/4510 series).

Designed primarily for metal and aluminium door applications, this 25mm wide kit provides the necessary components to ensure a robust and stable mount for the deadlatch body. Finished in Satin Anodised Aluminium (SAA), it offers excellent durability and seamlessly matches standard commercial door hardware. Using a genuine Alpro fixing kit ensures proper alignment and reliable operation of your locking system.

Technical Specifications

- **Brand:** Alpro
- **Manufacturer Reference:** 5245-FIX-KIT
- **Part Number:** L22552
- **Finish:** Satin Anodised Aluminium (SAA)
- **Width:** 25mm
- **Compatibility:** Alpro 524570 (Europrofile) and 524510 (Round Mortice Cylinder) deadlatch ranges
- **Weight:** 60g
- **Pack Quantity:** 1

Key Features

- **Tailored Compatibility:** Specifically designed to suit Alpro 5245 series deadlatches (4570/4510 series).
- **Secure Installation:** Provides the essential fixings required for a stable and secure mount of the deadlatch body into metal doors.
- **Durable Finish:** Features a high-quality Satin Anodised Aluminium (SAA) finish to complement existing hardware.
- **Genuine Alpro Accessory:** Ensures precise fitment, reliable performance, and long-lasting durability.

Brand Profile

Alpro

Alpro (Alpro Architectural Hardware) is a UK supplier of **architectural door hardware and access-control components**, focused heavily on the **commercial aluminium door (OEM) market** and the wider **access control** environment. It operates as a **division of IEC Limited**, an **independent, family-owned** company founded in **1938** to supply quality mechanical components.

Alpro's catalogue spans both **mechanical** and **electro-mechanical** products: contemporary **pull handles**, **lever/paddle handles**, **deadlocks/deadlatches**, **cylinders**, **transom door closers**, and hardware like **flushbolts** and **armoured strikes**, alongside access-control staples such as **electric strikes**, **deadlocking/solenoid bolts**, **shearlocks**, **cabinet locks**, and **IP-rated keypads and exit switches**.

The company also highlights **BS EN ISO 9001:2015 approval**, technical support, CAD/design capability, and a stock-led operation aimed at quick dispatch - positioning Alpro as a practical "solve the door problem" brand for installers and fabricators rather than a consumer retail name.
