Specification Summary

Brand	Alpro
Product type	Accessory

Product Description

The Alpro Euro Escutcheon is designed specifically to complement the Alpro range of metal door locks. Ideal for providing a clean, professional finish around euro profile cylinders, this escutcheon tidies up lock installations on aluminium and other metal doors.

Featuring a self-adhesive backing, it offers a quick and straightforward installation process without the need for drilling or additional fixings. It is available in multiple options, with finishes including Satin Anodised Aluminium and Black to match your existing door hardware. Please select your preferred finish, manufacturer reference, and barcode from the options below.

Technical Specifications

- **Height:** 68mm
- **Width:** 30mm
- **Weight:** 10g
- **Mechanism:** Euro Cylinder
- **Pack Quantity:** 1
- **Finishes:** Satin Anodised Aluminium or Black (please choose from the options below)
- **Manufacturer References:** 5226 or 5227 (please choose from the options below)

Brand Profile

Alpro

Alpro (Alpro Architectural Hardware) is a UK supplier of **architectural door hardware and access-control components**, focused heavily on the **commercial aluminium door (OEM) market** and the wider **access control** environment. It operates as a **division of IEC Limited**, an **independent, family-owned** company founded in **1938** to supply quality mechanical components.

Alpro's catalogue spans both **mechanical** and **electro-mechanical** products: contemporary **pull handles**, **lever/paddle handles**, **deadlocks/deadlatches**, **cylinders**, **transom door closers**, and hardware like **flushbolts** and **armoured strikes**, alongside access-control staples such as **electric strikes**, **deadlocking/solenoid bolts**, **shearlocks**, **cabinet locks**, and **IP-rated keypads and exit switches**.

The company also highlights **BS EN ISO 9001:2015 approval**, technical support, CAD/design capability, and a stock-led operation aimed at quick dispatch - positioning Alpro as a practical "solve the door problem" brand for installers and fabricators rather than a consumer retail name.
