Brand	Alpro
Product type	Alpro

Product Description

The Alpro GCD1200 (also referred to as GDC1200) is a high-quality aluminium glass door clamp designed for frameless glass door installations. Specifically engineered for use with the Alpro EMS1200 series compact shearlock door magnets, this clamp enables the secure surface mounting of the shearlock armature or magnet housing onto glass partitions and doors without the need for drilling.

This non-handed clamp is suitable for both inward and outward opening doors, offering excellent versatility for various access control setups. It is designed to accommodate frameless glass doors with a thickness of 10mm to 12mm. Depending on your installation requirements, using one clamp on a glass door creates a 5mm door gap, while using two clamps creates an 8mm door gap. Typically, two clamps are required for a full EMS1200S surface mount installation, whereas a single clamp is needed for an EMS1200SM mixed installation.

With its durable aluminium construction and a sleek satin anodised finish, the GCD1200 provides a clean, professional aesthetic while ensuring robust, long-lasting performance.

Technical Specifications

- **Brand:** Alpro
- **Manufacturer Reference:** GCD1200
- **Compatibility:** Alpro EMS-1200S / EMS1200 series compact shearlocks
- **Glass Thickness:** 10mm to 12mm
- **Suitable For:** Inward and outward opening doors
- **Handing:** Non-handed
- **Finish:** Satin Anodised Aluminium
- **Width:** 200mm
- **Depth:** 30mm
- **Weight:** 510g
- **Weather Resistant:** No
- **Guarantee:** 5 Years

Key Features

- **No Drilling Required:** Securely clamps onto frameless glass doors, eliminating the need to drill into the glass.
- **Flexible Installation:** Suitable for both inward and outward opening doors.
- **Non-Handed:** Can be used on left or right-handed doors.
- **Adjustable Door Gaps:** Creates a 5mm door gap with one clamp, or an 8mm door gap with two clamps.
- **Durable Build:** Constructed from robust aluminium with a professional satin anodised finish.
- **5-Year Guarantee:** Backed by a 5-year manufacturer's guarantee for added peace of mind.

Brand Profile

Alpro

Alpro (Alpro Architectural Hardware) is a UK supplier of **architectural door hardware and access-control components**, focused heavily on the **commercial aluminium door (OEM) market** and the wider **access control** environment. It operates as a **division of IEC Limited**, an **independent, family-owned** company founded in **1938** to supply quality mechanical components.

Alpro's catalogue spans both **mechanical** and **electro-mechanical** products: contemporary **pull handles**, **lever/paddle handles**, **deadlocks/deadlatches**, **cylinders**, **transom door closers**, and hardware like **flushbolts** and **armoured strikes**, alongside access-control staples such as **electric strikes**, **deadlocking/solenoid bolts**, **shearlocks**, **cabinet locks**, and **IP-rated keypads and exit switches**.

The company also highlights **BS EN ISO 9001:2015 approval**, technical support, CAD/design capability, and a stock-led operation aimed at quick dispatch - positioning Alpro as a practical "solve the door problem" brand for installers and fabricators rather than a consumer retail name.
