Product Description

The Arregui Zaguan Mail Box is a compact and highly versatile solution designed for homes and offices where space is at a premium. Its clever dual-function design allows it to be used either as a standard wall-mounted external mailbox or as an internal mail collector when paired with an external letter plate, thanks to its convenient rear slot.

Crafted from premium AISI 304-grade stainless steel with an anti-smudge, anti-fingerprint coating, the Zaguan is exceptionally weather and corrosion-resistant. It features flat sides, making it ideal for modular, side-by-side, or vertical group installations in multi-occupancy buildings. The mailbox is designed to accommodate DIN A5 and C5 envelopes, keeping your mail secure and dry. It comes complete with wall-mounting fixings and two keys.
