Specification Summary

Brand	Asec
Product type	Lock Out Tag Out

Product Description

The Asec 12 Padlock Mini Lockout Tagout Station is a compact and highly durable storage solution designed to keep your workplace safety padlocks organised and easily accessible. Constructed from strong, powder-coated steel, this mini station is built to withstand the demands of busy industrial and commercial environments.

With a capacity to hold up to 12 lockout safety padlocks, it provides a highly visible central point for your Lockout Tagout (LOTO) equipment, helping to promote safety compliance and efficient workflow. Its space-saving design makes it ideal for mounting in tight spaces or directly near machinery.

Please note that padlocks are sold separately.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS11501
- **Material:** Powder-coated steel
- **Finish:** Red
- **Capacity:** Holds up to 12 padlocks
- **Width:** 26.5cm

- **Depth:** 31mm
- **Weight:** 250g
- **Barcode:** 5015397469977

Key Features

- **Durable Construction:** Manufactured from strong, powder-coated steel for long-lasting performance in tough environments.
- **12-Padlock Capacity:** Efficiently stores and displays up to 12 lockout safety padlocks.
- **Promotes Safety Compliance:** Provides a dedicated, highly visible central storage point for Lockout Tagout (LOTO) equipment.
- **Compact, Space-Saving Design:** Mini layout is ideal for mounting in areas with limited wall space.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
