Specification Summary

Brand	Asec
Product type	Relay

Product Description

The Asec 12V/24V AC/DC Double Pole Change Over Relay is a highly versatile relay module designed for professional access control and door entry systems. It is particularly useful for applications such as controlling a DC locking device when operating on an AC-based entry system.

Supplied in a compact, boxed format, this reliable relay features a double pole change-over contact with two volt-free outputs. It supports a wide power input range of 12V to 28V AC/DC, making it an essential and adaptable accessory for security and door automation installations.

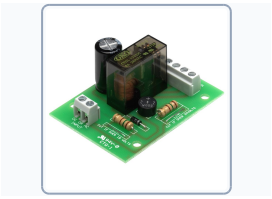

Technical Specifications

- **Manufacturer Reference:** AS11825
- **Input Voltage:** 12V / 24V AC/DC (12V - 28V AC/DC power input)
- **Output:** Two volt-free contacts
- **Pole:** Double pole change-over
- **Dimensions:** 69mm (Length) x 59mm (Width) x 30mm (Height/Depth)
- **Weight:** 100g
- **Weather Resistant:** No
- **Guarantee:** 1 Year

Key Features

- **Versatile Switching:** Ideal for door entry systems, such as controlling a DC locking device from an AC-based system.
- **Double Pole Change-Over Contact:** Offers flexible control with two independent volt-free outputs.
- **Wide Voltage Range:** Supports power inputs from 12V to 28V AC/DC.
- **Convenient Packaging:** Supplied boxed as a single pack for easy handling and installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
