Specification Summary

Brand	Asec
Product type	Till & Drawer Lock

Product Description

The Asec 20 Boxlock is a traditional, high-quality 1-lever lock designed specifically for securing wooden boxes, chests, cupboards, and single desk drawers. This cut-in (or morticed) box lock is fitted internally, allowing the deadbolt to engage and secure the lid or drawer shut. It is operated by a key, with the deadbolt locking and unlocking smoothly to provide reliable, basic security for your decorative furniture, hobbyist woodworking projects, or office drawers.

Featuring a classic satin brass finish, this lock is supplied keyed to differ and comes complete with one key. It is available in two sizes to suit your specific installation requirements: a 50mm width version (AS6500) with a 19mm backset, and a 64mm width version (AS6501) with a 21mm backset. Please select your preferred size and specifications from the options below to ensure the perfect fit for your project.

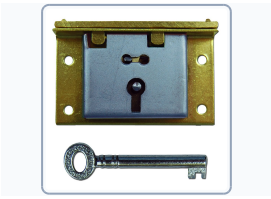

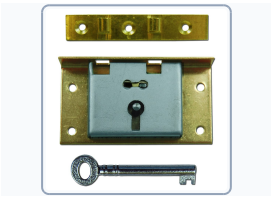

Technical Specifications

- **Brand:** Asec
- **Mechanism:** 1 Lever
- **Finish:** Satin Brass
- **Keying:** Keyed To Differ
- **Keys Supplied:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
