Specification Summary

Brand	Asec
Product type	Nut Fix

Product Description

The Asec 20mm Latchlock Straight Cam is a highly reliable, nut-fixed cam lock designed to secure lockers, cabinets, and cupboards using a padlock. This latchlock is an ideal security solution for schools, colleges, leisure centres, and sports facilities, allowing users to secure their personal belongings with their own padlocks.

Featuring a durable chrome-plated finish, this straight cam lock is designed for easy installation and robust performance in high-traffic environments. It is available in multiple variants to accommodate different padlock shackle sizes. Please choose from the options below to select your preferred manufacturer reference, which determines the maximum padlock shackle diameter, weight, and barcode of the latchlock.

Technical Specifications

- **Body Width:** 20mm
- **Diameter:** 20mm
- **Cam Height:** 50mm
- **Finish:** Chrome Plated
- **Shackle Diameter Compatibility:** 7mm or 9mm (please choose from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
