Specification Summary

Brand	Asec
Product type	Accessory

Product Description

The Asec 28mm 1 Gang Surface Housing is a high-quality, durable mounting box designed specifically for surface-mount installations. Constructed from robust stainless steel, this housing provides a clean, professional finish while offering excellent resistance to wear and tear in busy environments.

It is ideal for use with the Asec large exit DDA (Disability Discrimination Act) exit button and large DDA push plates. Its 28mm depth ensures ample space for wiring and connections, making installation straightforward for security installers and locksmiths alike. With its sleek stainless steel finish, it seamlessly blends into modern commercial or public buildings, helping you maintain both accessibility compliance and a clean aesthetic.

Please note: This product is the surface housing only. Compatible exit buttons and push plates are sold separately.

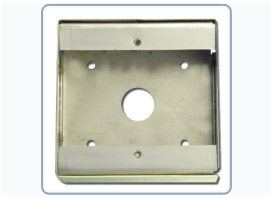

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9874
- **Finish:** Stainless Steel
- **Fitting:** Surface
- **Depth:** 28mm
- **Width:** 11.6cm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
