Specification Summary

Brand	Asec
Product type	3 Lever

Product Description

The Asec 3 Lever Deadlock is a reliable and secure solution designed specifically for internal residential and office doors. Providing an enhanced level of security for low-to-medium risk internal areas, this mortice deadlock features three close-gated levers and an integrated anti-pick device to resist unauthorised entry.

Constructed with a robust brass deadbolt, this lock is built for durability and long-lasting performance. It is supplied with two plated steel keys and offers 100 differs for added security. The lock is fully reversible, making it suitable for both left and right-handed doors.

This deadlock is available in multiple configurations to suit your specific installation requirements. You can choose from backsets of 44mm or 57mm (with corresponding case depths of 64mm or 76mm) and finishes in either Polished Brass or Stainless Steel. Please select your preferred size, finish, and packaging options from the selection below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
