Specification Summary

Brand	Asec
Product type	Escutcheon & Rose

Product Description

The Asec 32mm Front Fix Escutcheon is a high-quality, screw-fixed door accessory designed to provide a neat finish around keyholes. Ideal for both domestic and commercial doors, these escutcheons protect the door surface from key wear while enhancing the overall aesthetic of your door furniture.

Each escutcheon is pre-drilled and countersunk, allowing for quick, flush, and secure face-fixing directly to the door.

This versatile range is available in multiple configurations. Please select your preferred options from the list below:

- **Finish:** Choose from Polished Brass or Chrome Plated to match your existing hardware.
- **Design Type:** Available in both covered (with a pivoting cover to conceal the keyhole and reduce draughts) and uncovered (standard open face-fixed) styles.
- **Packaging:** Supplied in either bagged or visi (blister) retail packaging.

Technical Specifications

- **Diameter:** 32mm
- **Fixing Type:** Face fixed (front fix)
- **Fixing Holes:** Pre-drilled and countersunk
- **Finishes Available:** Polished Brass or Chrome Plated (please select below)
- **Styles Available:** Covered or Uncovered (please select below)
- **Packaging Options:** Bagged or Visi pack (please select below)
- **Weight:** 10g - 30g (depending on variant)

Key Features

- **Professional Finish:** Neatly surrounds keyholes to protect the door face and enhance appearance.
- **Durable Construction:** Available in high-quality polished brass or chrome plated finishes.
- **Easy Installation:** Pre-drilled and countersunk holes ensure a quick, flush, and secure front-fix installation.
- **Draught Reduction:** Covered variants feature a pivoting cover to help prevent draughts through the keyhole.
- **Versatile Options:** Multiple finishes, styles, and packaging types available to suit your specific needs.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
