Specification Summary

Brand	Asec
Product type	5 Lever

Product Description

The Asec 5 Lever Sashlock is a reliable and secure mortice lock designed specifically for internal residential and office doors. Certified to EN 12209:2003, this sashlock is suitable for use on timber fire doors, providing peace of mind alongside robust everyday performance.

Featuring a reversible latch bolt, this lock can be easily adjusted to suit both left and right-handed doors. The brass deadbolt is reinforced with two hardened steel inserts to resist sawing, while the five close-gated levers incorporate an anti-pick device to defend against unauthorized manipulation.

This sashlock is available in multiple configurations. You can choose between 44mm and 57mm backsets (corresponding to 64mm and 76mm case depths), Polished Brass or Stainless Steel finishes, and either boxed or visual (Visi) packaging. Depending on the specific model selected, it comes with a 3-year or 5-year manufacturer's guarantee. Please select your preferred options from the drop-down menus below.

Technical Specifications

- **Mechanism:** 5 Lever
- **Backset:** 44mm or 57mm (please choose from the options below)
- **Case Depth:** 64mm or 76mm (please choose from the options below)
- **Case Height:** 108mm
- **Centres:** 57mm
- **Follower:** 8mm
- **Forend Dimensions:** 165mm (L) x 25mm (W)
- **Finish:** Polished Brass or Stainless Steel (please choose from the options below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
