Specification Summary

Brand	Asec
Product type	5 Lever

Product Description

The Asec 50mm 5 Lever Deadlock is a compact mortice lock specifically designed for narrow stile doors, such as aluminium doors, glazed doors, and French doors. With its 50mm case depth and 35mm backset, it provides reliable security where space within the door frame is limited.

This high-quality deadlock is operated by key from either side and features a 5-lever mechanism with 500 differs for enhanced security. It is supplied complete with two keys. To suit your door's aesthetic, this lock is available in multiple finishes, including Polished Brass and Stainless Steel. Please select your preferred finish, weight, and manufacturer reference from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
