Product Description

The Asec 6-Pin Rim Cylinder is an excellent, reliable entry-level cylinder designed primarily for use on wooden doors in conjunction with a rim nightlatch. Whether you are replacing an existing lock or carrying out a fresh installation, this cylinder is ideal for remedial jobs and general maintenance.

It is supplied complete with a fixing screw and three keys, ensuring you have everything required for a straightforward setup. For added versatility, this cylinder can be keyed alike or master keyed through our in-house workshop, allowing you to operate multiple locks with a single key or integrate it into a larger security system.

This product is available in a choice of finishes, including Nickel Plated, Polished Brass, and Polished Chrome, as well as different packaging options (Boxed or Visi) and weights (160g or 170g). Please select your preferred finish, packaging style, and manufacturer reference from the options below to find the perfect match for your door hardware.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
