Specification Summary

Brand	Asec
Product type	Letter Cage

Product Description

The Asec 62L Large Letter Cage is a practical and secure addition to the back of any door, designed to catch incoming mail and keep it clean, dry, and off the floor. It provides easy and convenient retrieval of your post without the need to bend down, while also protecting letters and packages from curious pets.

For added peace of mind, the cage can be padlocked (padlock not included) to secure your mail against theft or unauthorised retrieval through the letterbox.

This product is available in multiple finishes, weights, and manufacturer references. Please select your preferred options from the choices below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
