Specification Summary

Brand	Asec
Product type	Letters & Numerals

Product Description

The Asec 75mm Brass Letters & Numerals provide a clean, professional, and highly visible solution for labelling doors, postboxes, gates, and signage. Featuring bold black characters printed on a polished brass-coloured plate, these signs offer an attractive finish that complements both traditional and modern exterior decors.

Designed for durability and ease of installation, each character is backed with a high-grab self-adhesive tape, eliminating the need for screws, drilling, or complex tools. Simply peel and stick to any clean, flat surface. To ensure long-lasting clarity and prevent fading in outdoor environments, the characters are printed using premium UV-resistant ink.

These letters and numerals are available in a range of characters, including numbers 0 - 9 and letters A, B, C, E, O, and P. Please select your required legend, barcode, and manufacturer reference from the options below.

Technical Specifications

- **Height:** 75mm
- **Width:** 50mm
- **Weight:** 10g
- **Finish:** Polished Brass
- **Character Colour:** Black
- **Mounting:** Self-adhesive (high-grab)
- **Pack Quantity:** 1
- **Packaging:** Visi-pack

Key Features

- **High-Grab Adhesive:** Simple peel-and-stick application with no drilling or screws required.
- **UV-Resistant Ink:** Bold black lettering designed to resist fading from sun exposure.
- **Polished Brass Finish:** Classic brass-coloured plate offers a smart, professional look.
- **Versatile Application:** Ideal for doors, gates, postboxes, and general signage.
- **Multiple Options Available:** Choose from a selection of letters and numbers to suit your needs.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
