Specification Summary

Brand	Asec
Product type	Butt

Product Description

The Asec Button Tip Butt Hinges are designed to provide a clean, professional, and highly attractive finish to your doors, thanks to their elegant rounded button tips. Supplied as a convenient pair, these hinges are ideal for a range of residential and commercial door installations.

To ensure a quick and straightforward installation, each pair comes complete with 12 matching fixing screws. The hinges feature countersunk screw holes, allowing the screws to sit perfectly flush with the hinge plate for a neat, snag-free appearance.

These high-quality butt hinges are available in multiple lengths and finishes to suit your specific door requirements. Please choose your preferred length (75mm or 10cm) and finish (Polished Chrome or Satin Polished Chrome) from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
