Specification Summary

Brand	Asec
Product type	Finger

Product Description

The Asec 75mm Wide Aluminium 'Pull' Finger Plate is a practical and durable solution designed to protect doors in high-traffic commercial and domestic environments. By shielding the door surface from constant physical contact, it prevents unsightly finger marks, wear, and tear, helping to extend the lifespan of your door furniture.

Featuring a clear, screen-printed "Pull" legend, this finger plate provides clear directional guidance for users, making it ideal for use on single-swing doors alongside a pull handle. It is manufactured from high-quality 1.5mm thick anodised aluminium with a sleek Satin Anodised Aluminium finish, offering excellent resistance to scratches and corrosion while remaining exceptionally easy to clean.

Designed for straightforward installation, this finger plate is pre-drilled for quick screw fixing, ensuring a secure and flush fit to the door surface.

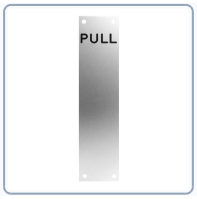

Technical Specifications

- **Brand:** Asec
- **Part Number:** AS1605
- **Width:** 75mm
- **Length:** 300mm (30cm)
- **Thickness:** 1.5mm
- **Finish:** Satin Anodised Aluminium
- **Legend:** Pull
- **Fixing:** Screw fixed
- **Pack Quantity:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
