Specification Summary

Brand	Asec
Product type	Mortice

Product Description

The Asec A1 Mortice Release is a low-duty electric strike designed to work seamlessly with mortice nightlatches and latches. Operating as a fail-locked unit, it ensures that the door remains securely locked in the event of a power failure, making it ideal for standard security applications.

This versatile release is available in multiple configurations to suit your specific access control system. Depending on your requirements, you can choose from input voltages of 12V AC, 12V DC, or 24V DC, with corresponding current consumptions ranging from 0.08A to 0.65A and weights between 290g and 292g. Please note that the 12V DC and 24V DC models are continuously rated.

Please select your required voltage, current consumption, weight, and manufacturer reference (AS9532, AS9539, or AS9540) from the options below.

Technical Specifications

- **Brand:** Asec
- **Fitting:** Mortice
- **Operation:** Fail Locked (Power to Unlock)
- **Input Voltage:** 12V AC, 12V DC, or 24V DC (please choose from the options below)
- **Current Consumption:** 0.08A, 0.16A, or 0.65A (please choose from the options below)
- **Holding Force:** 295kg / 650lbs
- **Body Height:** 105mm
- **Body Depth:** 28mm
- **Faceplate Dimensions:** 160mm (H) x 25mm (W)
- **Jaw Dimensions:** 42mm (H) x 12mm (W) x 8mm (D)
- **Adjustable Jaw:** No
- **Monitored:** No
- **Finish:** Grey
- **Weight:** 290g or 292g (please choose from the options below)
- **Manufacturer Reference:** AS9532, AS9539, or AS9540 (please choose from the options below)
- **Barcode:** Multiple options available (please choose from the options below)
- **Guarantee:** 1 Year

Key Features

- **Fail Locked Security:** Ensures the door remains locked during power outages to maintain premises security.
- **Nightlatch Compatibility:** Designed specifically to work in conjunction with mortice nightlatches and latches.
- **Continuously Rated:** The 12V DC and 24V DC models are continuously rated, preventing overheating during prolonged power-on states.
- **Strong Holding Force:** Provides a reliable holding force of up to 295kg (650lbs).
- **Multiple Configurations:** Available in a range of voltages and current consumptions to integrate easily with your existing setup.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
