Specification Summary

Brand	Asec
Product type	Rim

Product Description

The Asec A95R Rim Release is a fail-unlocked (fail-safe) electric strike designed for inward-opening doors. Ideal for low-duty applications, this surface-mounted rim release is easy to install and works in conjunction with a rim latch to provide remote locking control as part of an access control system.

This release features a continuously rated DC coil and is available in both 12V DC and 24V DC options. Depending on your system requirements, you can choose between the 12V DC model (AS9561) with a 0.16A current consumption, or the 24V DC model (AS9562) with a 0.08A current consumption. Please select your preferred input voltage, current consumption, and manufacturer reference from the options below.

With a robust grey finish and a holding force of up to 295kg (650lbs), the Asec A95R offers reliable, light-duty security.

Technical Specifications

- **Fitting:** Rim
- **Operation:** Fail Unlocked (Fail Safe)
- **Input Voltage:** 12V DC or 24V DC (please choose from the options below)
- **Current Consumption:** 0.16A or 0.08A (please choose from the options below)
- **Manufacturer Reference:** AS9561 or AS9562 (please choose from the options below)
- **Barcode:** 5055120629247 or 5055120629223 (please choose from the options below)
- **Holding Force:** 295kg / 650lbs
- **Handing:** Inward opening only
- **Body Dimensions:** 108mm (H) x 33mm (W) x 21mm (D)
- **Faceplate Dimensions:** 108mm (H) x 50mm (W)
- **Jaw Dimensions:** 44mm (H) x 11mm (W) x 8mm (D)
- **Adjustable Jaw:** No
- **Finish:** Grey
- **Guarantee:** 1 Year

Key Features

- **Fail-Unlocked Operation:** Automatically releases the lock in the event of a power failure, ensuring safe egress
- **Continuously Rated:** 12V DC and 24V DC coils are continuously rated to prevent overheating
- **Light Duty Application:** Ideal for low-duty domestic or light commercial installations
- **Inward Opening:** Specifically designed for inward-opening doors
- **Voltage Options:** Available in 12V DC or 24V DC configurations to match your power supply (please select below)

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
