Product type	Hook

Product Description

The Asec AA26 Single Wardrobe Hook is a practical and stylish ironmongery accessory designed to provide reliable hanging space for clothes, coats, and accessories. Featuring a sleek chrome-plated finish, this single hook offers a modern look that seamlessly blends with contemporary interiors, making it an excellent choice for bedrooms, bathrooms, wardrobes, and the back of doors.

Engineered for quick and straightforward installation, the hook is designed with two countersunk screw holes to ensure a secure, flush fit against your mounting surface. Supplied in a convenient visi pack, it is a durable and functional addition to any home or commercial space.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
