Product Description

The Asec Aluminium 25mm Wide Straight Barrel Bolt is a traditional and reliable solution designed to secure doors from the inside. Ideal for both residential and commercial interior doors, this surface-mounted straight barrel bolt provides an easy-to-operate locking mechanism for added privacy and security.

Constructed from high-quality anodised aluminium, this bolt offers a durable, lightweight, and corrosion-resistant finish that blends seamlessly with modern and traditional interiors. Each bolt comes complete with the necessary fixing screws, ensuring a quick and straightforward installation process right out of the box.

This straight barrel bolt is available in a range of lengths, from 50mm up to 102mm (10.2cm), with weights ranging from 30g to 50g. Please select your preferred length, weight, and corresponding manufacturer reference from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
