Specification Summary

Brand	Asec
Product type	Hook

Product Description

The Asec Aluminium Coat Hook is a practical and stylish addition to any home, office, or commercial space. Featuring a classic strip pattern design, this coat hook is manufactured from high-quality aluminium with a sleek Satin Anodised Aluminium (SAA) finish. This finish ensures excellent durability and resistance to wear, making it ideal for daily use in high-traffic areas.

Designed for straightforward installation, it features pre-drilled, countersunk screw holes. This allows the fixing screws to sit flush with the surface of the hook, providing a clean, neat finish that prevents snagging on clothing or accessories. Whether you are looking to tidy up a hallway, cloakroom, or workspace, this compact 50mm hook offers a reliable, low-maintenance hanging solution.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4025
- **Finish:** Satin Anodised Aluminium (SAA)
- **Length:** 50mm
- **Width:** 19mm
- **Weight:** 58g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
