Specification Summary

Brand	Asec
Product type	Flush Bolts

Product Description

The Asec Aluminium Flush Bolt is a high-quality, lever-action flush bolt designed to provide reliable security for double doors, folding doors, or sliding doors. Featuring a robust die-cast zinc alloy body mechanism, this flush bolt is built to withstand regular use. It is equipped with a hardened steel bolt that is zinc-plated for enhanced durability and corrosion resistance, complete with an anti-rattle sleeve to ensure smooth, quiet operation.

This versatile flush bolt is available in multiple lengths, finishes, and weights to suit your specific installation needs. Please select your preferred length, finish, and manufacturer reference from the options below.

Technical Specifications

- **Body Mechanism:** Die-cast zinc alloy
- **Bolt:** Hardened steel, zinc-plated with an anti-rattle sleeve
- **Bolt Throw:** 18mm
- **Rod:** 7mm zinc-plated steel rod with 40mm thread length

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
