Product Description

Add a touch of traditional charm to your doors with the Asec Antique Style Door Studs. Designed to replicate classic period ironmongery, these decorative studs are the perfect accessory for enhancing the rustic appeal of cottage-style doors, heavy wooden gates, or traditional front entrances.

Crafted from solid metal, these durable door studs feature a classic antique-style design with a high-quality black finish. Measuring 19mm in width, they provide an authentic, vintage look that beautifully complements other black antique door furniture. Whether you are restoring a period property or adding character to a modern home, these studs offer an easy and effective way to achieve a timeless, hand-forged aesthetic.

Technical Specifications

- **Brand:** Asec

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
