Product Description

The Asec Antique Style Lion Head Knocker is a striking door accessory designed to bring classic character and timeless charm to your entrance. Crafted from robust solid metal, this traditional knocker features a detailed, sculpted lion head design finished in a rustic black coating. It is an ideal choice for period properties, cottage-style doors, and traditional wooden front doors.

Measuring 150mm, this knocker offers a substantial, high-quality feel and provides a clear, resonant knock to alert you to visitors. Combining decorative appeal with lasting functionality, it is the perfect finishing touch to elevate your home's kerb appeal.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
