Product Description

Enhance the kerb appeal of your home with the Asec Antique Style Metal Numerals. Crafted from robust solid metal, these high-quality door numbers feature a classic black finish and a rustic, traditional design that perfectly complements period properties, cottages, and traditional front doors.

Standing at 75mm high, each numeral provides excellent visibility from the street, helping visitors, delivery drivers, and emergency services locate your property with ease. These numerals are available in individual options from 0 to 9, allowing you to create any combination required for your house number. Please select your required numerals and corresponding manufacturer references from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
