Specification Summary

Brand	Asec
Product type	Pull

Product Description

The Asec Antique Style Pull Handle is a solid metal door accessory designed to bring a classic, rustic charm to your doors. Featuring an elegant antique design and a durable black finish, this pull handle is both functional and decorative, making it an ideal choice for traditional properties, cottage-style doors, or restoration projects.

Constructed from solid metal, this pull handle offers a robust and reliable grip. It is available in multiple sizes and weights to suit various door dimensions and installation requirements. Please choose your preferred height, weight, and manufacturer reference from the options below to find the perfect fit for your project.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
