Specification Summary

Brand	Asec
Product type	Slim Line

Product Description

The Asec Armature Housing (AS8525) is designed to convert the armature plate of an Asec Slim Line single magnetic lock into a surface-mounted rim fitting application. This high-quality housing is specifically engineered to suit the armature brackets for the Asec AS8529 (unmonitored) and AS8530 (monitored) Slim Line mini maglocks.

Constructed from lightweight yet highly durable aluminium with a professional Satin Anodised Aluminium (SAA) finish, this armature housing provides an aesthetically pleasing, clean, and secure installation. It is non-handed, making it suitable for a wide range of door configurations, and comes with a 1-year manufacturer's guarantee for peace of mind.

Whether you are upgrading an existing access control system or installing a new one, this surface-mounted housing ensures a robust and reliable fit for your Slim Line magnetic locks.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8525
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface
- **Handed:** Non-handed
- **Depth:** 15mm
- **Width:** 17.5cm (175mm)
- **Magnet Depth:** 15mm
- **Magnet Height:** 55mm
- **Magnet Length:** 175mm
- **Weight:** 200g
- **Pack Quantity:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
