Specification Summary

Brand	Asec
Product type	Standard

Product Description

The Asec Armature Housing is designed to convert a standard armature bracket into a surface-mounted rim fitting application. It is an ideal solution for installations where drilling completely through the door is not possible or desirable, such as on fire doors.

Constructed from solid aluminium with a satin anodised finish, this housing provides a robust, secure, and professional finish to your access control setup. It is specifically designed to suit standard series magnets and is compatible with armature brackets for Asec models AS8534 and AS8535.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS8526
- **Finish:** Satin Anodised Aluminium
- **Fitting:** Surface
- **Dimensions:** 175mm (W) x 76mm (H) x 15mm (D)
- **Compatibility:** Suits standard series magnets (specifically armature brackets for AS8534 & AS8535)
- **Guarantee:** 1 Year

Key Features

- **Rim Fitting Conversion:** Converts standard armature brackets into a surface-mounted rim application.
- **Avoids Through-Door Drilling:** Ideal for fire doors where drilling through the door leaf must be avoided.
- **Robust Aluminium Construction:** Made from solid, high-quality aluminium with a clean, satin anodised finish.
- **Professional Finish:** Provides a neat, aesthetically pleasing look for access control installations.
- **Simple Surface Installation:** Easy to install with multiple fixing points.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
