Specification Summary

Brand	Asec
Product type	Rollerbolt

Product Description

The Asec AS12 Rollerbolt Nightlatch is an ideal security solution for flat and communal entrance doors. Featuring a rollerbolt mechanism, it is specifically designed to support push/pull door action and prevent accidental lockouts, making it a highly practical choice for busy shared access areas.

This nightlatch is operated by key from the outside and via a convenient turn handle from the inside. It is available in a range of finishes to suit your door's aesthetic, including Black, Dull Metal Grey, Polished Chrome, Satin Chrome, and White. Depending on your requirements, you can select a "Case Only" option to replace an existing lock, or a complete set featuring an Asec 5-pin cylinder in a polished brass finish. Please choose your preferred case finish, manufacturer reference, and barcode from the options below.

Technical Specifications

- **Backset:** 60mm
- **Case Height:** 70mm
- **Case Width:** 92mm
- **Bolt Throw:** 9mm (extends to 20mm when thrown)
- **Door Thickness:** 35mm to 60mm

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
