Product Description

The Asec Black Budget Cabin Hook is an economical and practical solution designed to hold doors, gates, and shutters securely in position. Ideal for low-security domestic and light commercial applications, this cabin hook is perfect for keeping doors open to allow ventilation or preventing them from swinging in the wind.

Constructed for simple surface-mounted installation, it features a classic black finish that blends seamlessly with various ironmongery styles. Each pack comes complete with a single cabin hook and is pre-packed with matching screws, making installation quick and straightforward.

This budget-friendly cabin hook is available in multiple lengths (10cm and 15cm) and weights (120g and 130g) under manufacturer references AS3243 and AS3244. Please choose your preferred size and specification from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
