Specification Summary

Brand	Asec
Product type	Pull

Product Description

The Asec Bolt Fix Round Rose Aluminium Pull Handle is a stylish and practical door hardware solution, designed to perfectly complement round rose lever furniture. Manufactured from high-quality aluminium with a polished anodised finish, this pull handle offers a sleek, modern look that fits seamlessly into both residential and commercial environments.

Featuring a comfortable 19mm handle diameter, this pull handle is supplied complete with all necessary bolt-through fixing screws for a secure and straightforward installation. It is available in a choice of lengths, weights, and screw centres to suit your specific door requirements. Please select your preferred size and specification from the options below.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
