Specification Summary

Brand	Asec
Product type	Hook

Product Description

The Asec Brass Cabin Hook is a classic, reliable solution designed to hold doors, gates, or shutters securely in the open position. Featuring a traditional design, this cabin hook is finished in polished brass, making it an attractive addition to both modern and period properties.

This versatile hardware accessory is available in a range of lengths from 76mm up to 25.4cm, allowing you to find the perfect fit for your specific installation. Depending on the size selected, the product is supplied in either bagged or visual (Visi) packaging.

Please select your preferred length, packaging type, and weight options from the selection below to find the ideal match for your door-holding needs.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
