Specification Summary

Brand	Asec
Product type	Padbolt

Product Description

The Asec Brenton 1A Pattern Heavy Duty Padbolt is a robust and reliable security solution designed for securing gates, shed doors, outbuildings, and garages. Manufactured to a heavy-duty standard, this padbolt features a high-quality galvanised finish that provides excellent resistance against corrosion and weathering, making it ideal for both indoor and outdoor applications.

Equipped with an integrated padlock loop, it allows you to easily add a padlock of your choice (sold separately) for enhanced security. The padbolt is supplied complete with fixing screws, ensuring a straightforward installation process.

This heavy-duty padbolt is available in multiple lengths ranging from 15cm to 25cm, with weights varying from 240g to 580g depending on the chosen size. Please select your preferred length, manufacturer reference, and weight from the options below to suit your specific installation requirements.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
