Specification Summary

Brand	Asec
Product type	Door Stop

Product Description

The Asec Buffer Floor Door Stop is a stylish and functional addition to any modern interior. Designed to be floor-mounted, this designer door stop effectively prevents doors and handles from making contact with walls, skirting boards, and nearby fixtures, protecting your decor from unsightly damage.

Crafted from high-quality stainless steel with a sleek satin finish, it offers a contemporary aesthetic that complements a wide range of architectural hardware. It features a durable black rubber buffer that absorbs impact and provides cushioned protection for your door finishes. Simple to install, this door stop is screw-fixed directly to the floor, ensuring a secure and long-lasting hold even in high-traffic areas.

Whether for residential or commercial use, the Asec Buffer Floor Door Stop combines robust durability with a minimalist design to keep your doors and walls in pristine condition.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
