Specification Summary

Brand	Asec
Product type	Indicator

Product Description

The Asec CH421 Toilet Indicator Bolt is a robust and stylish privacy lock designed specifically for toilet cubicle doors in commercial and public environments, such as offices, schools, and factories. Crafted with a durable satin stainless steel finish, this surface-mounted indicator bolt offers a clean, modern aesthetic that complements contemporary washroom decors while standing up to high-traffic daily use.

Operation is straightforward: turning the inner knob 180 degrees extends the bolt to secure the door, while simultaneously rotating the external dial to display a clear 'Vacant / Engaged' status. For safety and peace of mind, the external indicator plate features an emergency coin release slot, allowing quick access from the outside using a coin or flathead screwdriver in an emergency.

Technical Specifications

- **Brand:** Asec
- **Finish:** Satin Stainless Steel
- **Body Width:** 62mm
- **Body Height:** 40mm
- **Body Thickness:** 12.5mm
- **Indicator Size:** 62mm x 42mm x 7mm
- **Manufacturer Reference:** T210SZSZ

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
