Specification Summary

Brand	Asec
Product type	Straight

Product Description

The Asec Chrome 25mm Wide Straight Barrel Bolt is a traditional and reliable solution for securing doors, cupboards, sheds, and gates from the inside. Featuring a robust construction with a polished chrome-plated finish, this surface-mounted barrel bolt offers both a neat, professional appearance and protection against everyday wear.

Designed with countersunk screw holes, the bolt ensures that fixing screws sit flush with the surface for a clean and snag-free installation. It is highly versatile and suitable for a variety of domestic and light commercial internal security applications.

This straight barrel bolt is available in multiple lengths, weights, and manufacturer references. Please choose your preferred options from the selection below. Each bolt is supplied carded (Visi packed) and complete with matching fixing screws for a quick and straightforward installation.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
