Specification Summary

Brand	Asec
Product type	Combination

Product Description

The Asec Closed Shackle Combination Padlock offers robust security and keyless convenience for a wide range of applications. Designed with a high-quality zinc body and a tough, corrosion-resistant coating, this padlock is built to withstand the elements, making it ideal for both indoor and outdoor use.

Security is enhanced by the hardened steel shackle, which is protected by an integrated shroud to resist cutting and cropping attacks. The padlock features a 4-wheel combination mechanism, allowing you to choose from 10,000 possible code combinations. Setting and resetting your personalised code is quick and straightforward, while the high-precision dials ensure smooth and clear dialling operation every time.

Perfect for securing gates, sheds, lockers, or for use in combination with security cables and chains, this 55mm padlock provides reliable protection without the hassle of carrying keys.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS10498
- **Body Width:** 55mm
- **Body Height:** 53mm
- **Shackle Diameter:** 8mm
- **Horizontal Clearance:** 23mm
- **Vertical Clearance:** 26mm
- **Body Finish:** Black
- **Shackle Finish:** Hardened Steel
- **Locking Mechanism:** 4-Wheel Combination (10,000 possible codes)
- **Weight:** 268g

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
