Specification Summary

Brand	Asec
Product type	Dome

Product Description

The Asec Combined Exit Button and Call Point is a highly practical, dual-purpose access control solution designed for secure environments. Combining a robust "Press to Exit" dome button and a resettable emergency call point into a single, surface-mounted unit, it provides a neat and space-saving exit solution.

The unit features a durable stainless steel faceplate mounted on a high-impact ABS green plastic back box. The green dome button is clearly labelled with a wear-resistant "Press to Exit" legend and is designed with flush-fit fixings for a clean, professional finish. With its double pole configuration and push-to-exit / push-to-break functionality, this combined unit ensures reliable operation and is easily resettable.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS10998 (DBB-22-04-G)
- **Barcode:** 5055120781969
- **Fitting:** Surface mounted
- **Material:** Stainless Steel & ABS Plastic
- **Finish:** Green

- **Legend:** Press To Exit
- **Pole:** Double Pole
- **Resettable:** Yes
- **Width:** 189mm
- **Depth:** 38mm
- **Weight:** 450g
- **Pack Quantity:** 1

Key Features

- **Dual-Purpose Design:** Combines a "Press to Exit" dome button and an emergency call point in a single compact unit.
- **Resettable Call Point:** Easily reset after activation without the need for replacement glass.
- **Durable Construction:** Features a robust stainless steel faceplate and a high-impact ABS plastic back box.
- **Professional Finish:** Flush-fit fixings and a clearly labelled green dome button provide a clean, modern look.
- **Double Pole Operation:** Offers versatile wiring options with reliable push-to-exit and push-to-break functionality.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
