Specification Summary

Brand	Asec
Product type	Accessory

Product Description

The Asec Cubicle Angled Keep is a high-quality, specialist accessory designed specifically to suit the surface-mounted Asec Cubicle Indicator Bolt (available to purchase separately). Ideal for commercial washrooms, changing rooms, and school toilets, this angled keep ensures a secure and reliable latching point for cubicle doors.

Crafted with a durable satin stainless steel finish, this keep offers excellent corrosion resistance and a clean, modern aesthetic. It features a fully reversible design, making it suitable for both left and right-handed door configurations. For ease of installation, each keep is supplied complete with the necessary wood screws.

This product is available in multiple depth options to suit either 13mm or 20mm board thicknesses, with corresponding manufacturer references AS10928 and AS10929. Please choose your required board depth and manufacturer reference from the options below to ensure the perfect fit for your cubicle door.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
