Specification Summary

Brand	Asec
Product type	Indicator

Product Description

The Asec Cubicle Indicator Bolt is a robust and stylish lever-arm indicator bolt designed for commercial and public washrooms. Featuring a high-quality satin stainless steel finish, this bolt provides a clean, modern look while ensuring reliable operation. It is specifically designed to be suitable for use on both 13mm and 20mm thick cubicle boards, making it highly versatile for various installation requirements.

This indicator bolt features a clear Vacant/Engaged indicator on the exterior to ensure privacy for users, along with an integrated emergency coin release for safety. The concealed bolt-through fixings provide a secure, tamper-resistant installation and a neat, professional finish.

Please note that this product is handed and is available in both Left Hand and Right Hand configurations. Please select your required handing, barcode, and manufacturer reference from the options below to suit your specific door setup. Additionally, please note that the keep is not included and is available for purchase separately.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
