Specification Summary

Brand	Asec
Product type	Indicator

Product Description

The Asec Cubicle Pilaster Turn with Buffers is a robust, high-quality solution designed specifically for commercial washrooms and toilet cubicles. Finished in a modern satin stainless steel, this bathroom turn and indicator set combines durability with a clean, professional aesthetic suitable for high-traffic environments.

Engineered for versatility, the turn is fully reversible and designed to fit overlapping doors with a thickness of either 13mm or 20mm. It features a clear vacant/engaged indicator to provide immediate status visibility for users, alongside an essential emergency coin release on the exterior for safety. Additionally, the concealed bolt-through fixings ensure a secure, tamper-resistant installation that keeps the mounting hardware neatly hidden from view.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS10932
- **Finish:** Satin Stainless Steel
- **Diameter:** 52mm
- **Handle Length:** 70mm
- **Depth:** 10mm
- **Height:** 10mm
- **Weight:** 300g
- **Handing:** Reversible
- **Door Thickness Compatibility:** Suitable for 13mm or 20mm overlapping doors

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
