Product Description

The Asec 'Danger Forklift Trucks' hazard warning sign is an essential safety addition for warehouses, loading bays, and industrial environments where forklift machinery is in operation. Designed to clearly advise and warn both staff and visitors of potential immediate risks, this sign plays a crucial role in preventing serious workplace accidents and maintaining high safety standards.

Manufactured from durable, semi-rigid PVC, the sign is built to withstand busy commercial environments. It features a convenient self-adhesive backing, allowing for quick, hassle-free installation on any clean, flat surface without the need for screws or additional fixings. Measuring 200mm x 300mm, the sign provides excellent visibility with its bold, clear legend and standard hazard warning colours, ensuring that the warning is easily noticed from a distance.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4677
- **Material:** Semi-rigid PVC
- **Mounting:** Self-adhesive backing

- **Dimensions:** 200mm (W) x 300mm (H)
- **Finish:** White (with standard hazard warning colours)
- **Legend:** Danger Forklift Trucks
- **Pack Quantity:** 1

Key Features

- **High Visibility:** Bold lettering and clear hazard warning design to alert staff and visitors of forklift activity.
- **Self-Adhesive Backing:** Easy to apply to clean, flat surfaces without requiring screws or tools.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
