Product Description

The Asec 'Danger: Guard Dogs' warning sign is an essential security and safety notice designed to alert visitors, intruders, and the public to the presence of guard dogs on your premises. Featuring a highly visible black and yellow design, this sign ensures maximum legibility from a distance, helping to deter unauthorised access and clearly communicate potential hazards.

Manufactured from durable self-adhesive PVC, the sign is quick and easy to install on any clean, dry, and flat surface without the need for screws or additional adhesives. Measuring 200mm by 300mm, it is ideal for mounting on gates, fences, walls, or doors at commercial, industrial, or residential properties.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
