Specification Summary

Brand	Asec
Product type	Electrical

Product Description

The Asec 'Danger High Voltage' sign is an essential safety addition for any commercial, industrial, or residential site where high-voltage electrical hazards exist. Designed to clearly warn staff, visitors, and the public of immediate risks, this sign helps prevent serious injury or death by ensuring hazardous areas are clearly marked.

Manufactured from durable, semi-rigid PVC, the sign features a self-adhesive backing that allows for quick and easy installation on any clean, flat surface without the need for additional fixings or drilling. With its bold, highly visible black and yellow design on a white background, it remains clearly legible even from a distance, promoting a safer working environment.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS4671
- **Barcode:** 5015397130211
- **Material:** Semi-rigid PVC
- **Mounting Type:** Self-adhesive backing

- **Legend:** DANGER High Voltage
- **Width:** 200mm
- **Height:** 300mm
- **Weight:** 64g
- **Pack Quantity:** 1

Key Features

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
