Specification Summary

Brand	Asec
Product type	Other

Product Description

The Asec 'Danger: High Voltage' warning sign is a highly visible safety notice designed to alert staff, visitors, and site operatives to potential electrical hazards. Featuring a bold, clearly legible 'Danger - High Voltage' legend set against a striking black and yellow finish, it ensures immediate hazard awareness to help maintain a safe working environment.

Measuring 200mm x 300mm, this sign is manufactured from durable self-adhesive vinyl. The integrated self-adhesive backing allows for quick, hassle-free installation on most clean, flat surfaces - such as doors, panels, enclosures, or fencing - without the need for screws, drills, or additional fixings. It is an ideal safety solution for commercial, industrial, and residential environments where electrical risks are present.

Technical Specifications

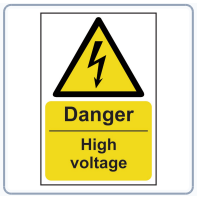

- **Brand:** Asec
- **Manufacturer Reference:** AS11533
- **Width:** 200mm
- **Height:** 300mm
- **Material:** Self-adhesive vinyl

- **Legend:** Danger - High Voltage
- **Finish:** Black & Yellow
- **Weight:** 62g
- **Pack Quantity:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
