Specification Summary

Brand	Asec
Product type	Till & Drawer Lock

Product Description

The Asec Deadbolt Furniture Lock with a square backplate is a reliable and cost-effective security solution designed for wooden drawers, cupboards, and single desk drawers. It features a robust deadbolt mechanism, allowing you to easily extend or retract the bolt with the turn of a key to keep your personal items and sensitive documents secure.

This lock is straightforward to install, requiring a 16mm hole to be drilled through the drawer or cupboard front to expose the barrel. The square backplate is then secured to the inside face of the door or drawer using four screws. With its durable chrome-plated finish, this furniture lock offers both clean aesthetics and long-lasting performance. It is supplied complete with two keys as standard.

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS9952
- **Nozzle Diameter:** 16mm
- **Nozzle Length:** 19mm
- **Finish:** Chrome Plated
- **Keys Supplied:** 2
- **Pack Quantity:** 1

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
