Specification Summary

Brand	Asec
Product type	Lock Out Tag Out

Product Description

The Asec Electrical Lockout Tagout Kit is a ready-made, 11-piece safety solution designed to provide the essential components required for standard lockout tagout (LOTO) procedures. Ideal for electricians, maintenance engineers, and industrial workers, this kit ensures you have the necessary tools on hand to safely isolate electrical circuits and machinery before commencing work.

Supplied in a robust, highly visible, and clearly labelled red carry case, the kit is exceptionally easy to transport and identify in a busy workplace or service van. It contains a versatile selection of mini circuit breaker (MCB) lockouts, safety padlocks, and reusable tags to cover the most common electrical isolation scenarios.

Kit Contents:

- 1 x Lockout Shell Case/Pouch
- 2 x Red Safety Lockout Padlocks (KD)
- 2 x Single Tag with Eyelet (Double Sided)
- 2 x MCB (Mini Circuit Breaker) Lockout Pin Out Standard
- 1 x MCB Lockout Pin In Standard
- 1 x Yellow MCB Lockout - Universal
- 1 x Yellow MCB Lockout - Type 1

- 1 x Ultra-fine permanent pen

Technical Specifications

- **Brand:** Asec
- **Manufacturer Reference:** AS11507
- **Finish:** Red
- **Width:** 75mm
- **Weight:** 485g
- **Packaging:** Boxed
- **Barcode:** 5015397535160

Key Features

- **Essential LOTO Kit:** Contains the basic components required for standard electrical lockout tagout applications.
- **Highly Portable:** Supplied in a convenient, clearly labelled carry case/pouch for easy transport and rapid identification.
- **Ideal for Field Workers:** A perfect ready-made kit for engineers and electricians to keep in their van or at the workplace.
- **Keyed Differ Padlocks:** Includes two red safety lockout padlocks keyed differ (KD) for secure individual isolation.
- **Versatile MCB Lockouts:** Features a selection of pin-in, pin-out, and universal circuit breaker lockouts to suit various electrical setups.
- **Reusable Tags:** Supplied with double-sided tags featuring eyelets, alongside an ultra-fine permanent pen for clear labelling.

Brand Profile

Asec

ASEC is a **trade-focused security hardware brand** built around the “everyday kit” locksmiths and installers reach for, with a big emphasis on **breadth, availability, and value** rather than boutique-only spec pieces. The brand was **established in 2003** and was created specifically to **support independent retailers and security professionals** with products that *“would never become available through the large multiple retailers.”*

Where ASEC gets especially interesting (and why it tends to become a “default stock brand”) is the **scale of the range**:

- ASEC positions itself as having a portfolio of **2,000+ individual products**, described as one of the **largest ranges under a single security brand name** in the industry.
- Coverage is intentionally broad across the core trade categories: **Access Control, Architectural Hardware, Key Cutting, Locking Products, UPVC, Tools & Accessories**.

ASEC is **exclusive to Aldridge Security** (whom we distribute) in the UK trade ecosystem (Aldridge explicitly calls itself the **exclusive distributor of ASEC Security Products worldwide**). That exclusivity is a big part of the brand’s identity: it keeps the range aimed at the trade channel rather than getting diluted into mass retail.
